Former President's Son Making Civilian Boers Will Be Collected Reported That He Is Considering Bodies Were in a Swamp and Had Strenuous Efforts to Hold His Army Position.

REPUBLIC SPECIAL Washington, Nov. 17 .- Ideutenant Colonel Russell B. Harrison, son of former President Harrison, whose abrupt and unexpected honorable discharge" from the army caused surprise, is making an earnest effort

to retain his position.

Brigadier General J. C. Breckinridge, Inspector General of the Army, received a cable message to-day from Lieutenant Colonel Harrison asking him to use his influence to secure his retention in the

Other friends of the young officer were asked to aid General Breckinridge in inducing the President to revoke the order of dis-

charge. Speculation is rife in army circles as to the real reason behind young Harrison's "honorable discharge." The official explanation of the War Department is that the abolition of the Military Department of Porto Rico removed the necessity for an Inspector General in the island; that all of the departments in the United States were provided with officers of this corps, and that it would have been a useless expense to tho Government to send Lieutenant Colonel Harrison to the Philippines, as, being a volunteer, he would, under the law, have to be returned to the United States before

June 30, next, for discharge.

It is the gossip in army circles that the real cause of Lieutenant Colonel Harrison's discharge is the attitude of his father dur-ing the recent campaign. Former Presi-dent Harrison declined to make a speech in support of McKinley's candidacy, and wrote a mild letter, which did the Republicans little good.

WARRANTS FOR DIVEKEEPERS. Movement to Purify New York's

East Side Is Started.

New York, Nov. 17.—District Attorney Gardiner, to whom Mayor Van Wyck, upon the receipt of Bishop Potter's anti-vice letter, directed a communication, requesting that steps be taken by the District Attorney's office to suppress the vicious conditions existing on the East Side in the 'Red Light' district, to-day secured fifty warrants, returnable to-morrow.

In speaking of the crusade, Colonel Gardiner said:

iner said:
"We will start where Bishop Potter says things are in such a bad way, on the East Side, and then, if necessary, the reform will take in other parts of the city. They are scared pretty badly now on the East Side since my detectives have turned their attention in that direction." The Great Suit and Overcoat Sale. Globe, Seventh and Franklin avenue. Durban, Nov. 17 .- The Natal Mercury reports that Lord Kitchener has decided to "depopulate the towns in the Transvaal, owing to the difficulty of dealing with the republicans when hampered by the civillan population. KITCHENER'S PLAN ANALYZED.

London, Nov. 17 .- It is understood here that the statement of the Natal Mercury means that Lord Kitchener will depopulate the small towns and concentrate their populations in the large towns, otherwise follewing out a reconcentrado system. PROBABLY FATAL SHOOTING.

John Kirkman Used Revolver on McNeal Brothers.

Two negroes, Bud and Henry McNeal, started out yesterday evening looking for trouble, and both landed at the City Hospital, one at the point of death and the other with a builet in his left hip. Two years ago Henry McNeal was in love with Lizzie Campbell of No. 226 North Twelfth street, but she married John Kirkman, and Henry then wrote repeatedly to Lizzie, stating that he would make trouble for her husband as soon as he could meet him.

On the 7 o'clock train from Jefferson City last night there arrived at Union Station Henry sicNeal, who was met there by his brother, Bud. At 8 o'clock Lizzie Kirkman ran to Officers Kuehner and Rice of the Fourth District, asking that they arrest both the McNeals, who were at Twelfth and Franklin avenues looking for her husband. The officers started to the scene, but aimost at the same moment heard four shots fired in rapid succession. The rivals had met on Tweitth street near Wash. The McNeals, says Kirkman, drew their knives immediately and rushed upon him. He drew his revoiver and fired at Henry McNeal, but the brother threw himself between them, receiving the buillet in his own neck. Again Kirkman fired, and Bud McNeal fell with the second bullet in his own neck. Again Kirkman fired, and Henry, who had continued to face him, but ther turned, and in his flight was shot through the hip.

The officers immediately arrested Kirkman, who had hidden in a stable in the alley between Twelfth and Thirteenth streets on Wash. He admitted the shooting. Bud McNeal was taken first to the Dispensary, then to the City Hospital. There is little chance for his recovery, Henry McNeal at 10 o'clock gave himself up at the Carr Street Station. His wound is not serious. He was sent to the City Hospital. Kirkman has been in the employ of the Missouri Wrecking Company for four years and bears a good reputation. POSTMASTER GENERAL | HUNDRED MORE DEAD

Immediate Resignation for Busines Reasons.

REPUBLIC SPECIAL. Washington, Nov. 17 .- Postmaster General Charles Emory Smith may retire from President McKinley's Cabinet before Attorney General Griggs goes out on March 4. Mr. Smith had no serious thought of leaving the Cabinet until the last few days, and it has been epxected that he would remain in his present place or some other Cabinet office during Mr. McKinley's sec-

ond term. Some of Mr. Smith's business

associates have urged him to retire, and it is possible he may do so. President McKinley would much regret the retirement of Mr. Smith, who has been of great assistance to him in many ways. The Postmaster General has been tioned as a possible successor to Mr. Hay if the latter should be compelled to retire from the office of Secretary of State on account of poor health. But it is said that if Mr. Smith should conclude to resume the nanagement of his newspaper property is Philadelphia the State portfolio would not change his determination, even if offered. First Assistant Postmaster General W. M. Johnson of New Jersey may be promoted to the head of the Post Office Department if Mr. Smith retires. Otherwise he will, it is said, be transferred to the office of At-

torney General, succeeding Mr. Griggs, who is soon to leave Washington. INVEIGH AGAINST AMERICA.

St. Petersburg Journals Want the Concert in China Broken.

St. Petersburg, Nov. 17.—Despite the fact that the Russian Minister to China is coperating in the peace negotiations, the most innuential journals apparently regret that the United States Government has not withdrawn from the concert of the Powers.

The Novoe Vremya says it cannot believe that real progress has been made and it declares that the propositions formulated are indecisive and are necessarily merely preliminary because they contain demands that China cannot fulfill on account of her poverty.

Moreover, says the Novoe Vremya, the military situation is becoming more dangerous. The French will probably be compelled to return to Indo-China, where revolutionary agents are active. All China is waiting a word from the Emperor to begin a desperate war.
